

TAMANNA BHATT

PROFILE SUMMARY

Computer Science undergraduate with practical exposure to AI, cloud architecture, and full-stack development through industry simulations with Tata Group, Lloyds Banking, and AWS. Proficient in Python, C++, and modern web technologies, with demonstrated leadership experience as Class Representative and Social Media Vice President. Adept at combining technical problem-solving with cross-functional collaboration to deliver impactful solutions.

SKILLS

Programming Languages: C++, Python, Java, JavaScript, HTML5, CSS3
Frameworks & Tools: React, Node.js, Git, AWS (EC2, S3)
AI/ML: Generative AI, Predictive Modeling, Basic NLP, Ethical AI Principles
Databases: SQL

EDUCATION

B.Tech in Computer Science & Engineering
Veer Madho Singh Bhandari
Uttarakhand Technical University
(2023-Present)

Senior Secondary (XII) - CBSE
Universal Convent Senior
Secondary School | 2022

Secondary (X) - CBSE
Universal Convent Senior
Secondary School | 2020

CERTIFICATES

- AWS Solutions Architecture - Forage (2025)
- Tata GenAI Analytics - Forage (2025)
- Lloyds UX Design - Forage (2025)
- Gen AI-LinkedIn(2024)
- Web Development - AcmeGrade (2023)
- Fundamentals of Python Programming -IIT Kanpur (2023)

PROJECTS

- MisinfoX - AI Powered Browser Extension**
- Developed a Chrome browser extension using JavaScript and browser APIs to detect and flag misinformation in real time
 - Implemented heuristic and AI-assisted text analysis for credibility verification and user alerts
 - Designed a privacy-first workflow that analyzes only user-selected content to improve information reliability
- AAO LO -Restaurant Finder**
- Built a location-based web application using HTML, CSS, and JavaScript
 - Implemented dynamic filters and search functionality to improve user decision-making
 - Reduced user decision time by 60% through intuitive UI and optimized filtering logic
- Portfolio Website**
- Created responsive portfolio website with 100% mobile compatibility
 - Showcased projects with optimized user experience design

PROFESSIONAL EXPERIENCE

- Virtual Experience**
- Tata Group | GenAI Data Analytics (Jul 2025)
- Built Python-based prediction models and explored ethical AI practices
- Lloyds Banking | UX Design (Jul 2025)
- Conducted UX analysis and proposed user experience improvements
- AWS | Solutions Architecture (Jul 2025)
- Designed basic scalable cloud architecture concepts
- Internships**
- Content Writer | Hamari Pehchan NGO (2022)
- Created content on social impact topics
- HR Consultant | Jobs India Consultancy (2022)
- Assisted in candidate screening for tech roles
- Research Writer | Youthopia (2021)
- Contributed research articles on youth-related issues

ACHIEVEMENTS & SOFT SKILLS

- Leadership & Achievements**
- Vice President, Social Media Club - Increased engagement by 85%
 - Class Representative - Coordinated academic activities for 75+ students
 - Hackathon Finalist, State-Level Hackathon; advanced to Round 2 in inter-college hackathon
 - 1st Place, Inter-College Tug of War Competition
- Communication & Creative Experience**
- College Anchor - Hosted events for 100+ attendees
 - Mrs. University (Top 10) - Ranked among candidates from 10+ colleges
 - Lead Designer & Videographer - Created 13+ event creatives; content reached 664K+ views

RELATED COURSEWORK

- Data Structures and Algorithms (C++)
- Design and Analysis of Algorithms (DAA)
- Object-Oriented Programming (Java)
- Database Management Systems (DBMS / SQL)
- Software Engineering
- Compiler Design
- Artificial Intelligence and Machine Learning
- Web Development
- UI/UX Design Principles
